## 1.1 Edit deliveries to a third party

The incoming data is processed using Search for deliveries to a third party (306)".  
The data sender has an identical view of the data.

The screenshot shows a search results page for 'DQM > Consignments > Delivery to 3rd parties (D306)'. It includes search filters for Date (From: 01.01.2023, To: 10.05.2023) and Time (From: 00:00, To: 23:59). There are also status filters and search options like 'Search', 'Extended search', and 'Clear All'. The main table lists consignments with columns for Status, Receiving plant (050, Sindell), Data sender number, Goods recipient number, Consignment number, Delivery note number, date, and EDI time (MET). The status column contains various symbols: a green circle, a green checkmark, a red triangle with a white exclamation mark, a green checkmark with a red triangle, and a red triangle with a white exclamation mark and a green checkmark.

**Note:** For the "Delivery note number" there is also the possibility to perform a "Diverse" search. With the "Diverse" search option, only consignments that contain more than one different value in the respective field are found.

Click on the symbol once to open the consignment.  
You can only edit unconfirmed consignments.

Partially or fully confirmed consignments can be displayed.

Overview of new symbols

▶ Save      ▶ Back to the list

Click **Display** to show the data at the respective level.

The quantity of delivered goods can be confirmed or corrected.

If the quantity position is "0", then a value must be entered. Deleting the incoming data is not permissible!

Clicking the **Back to the list** button opens an overview (Search for deliveries to a third party (306)) without the data being saved.

As soon as all information is entered correctly in its entirety, the data can be transferred.

Click the **Save** button to save and transfer the edited data. You are then forwarded automatically to the overview (Search for deliveries to a third party (306)).

### Note:

After confirming the data, they will be shown for a period of 14 days.

### Note for metal management:

If the further processing of a consignment cannot be completed, checking the box to the left of the respective delivery note resets the delivery note.

The unprocessed delivery notes appear in the overview "Search for deliveries to a third party" with the status "unconfirmed".

### 1.3 Confirming with differences

> DQM > Consignments > Delivery to 3rd parties (D306) > Collections

#### Collection of delivery to 3rd parties

Data sender No.:      Data sender name:      Goods recipient number:      Consignment number 04272419

Consignee: \_\_\_\_\_

Consignment number: 04272419		Show	Delivery note date		Announced quantity	Confirmed quantity
<input checked="" type="checkbox"/>	 Delivery note number: 04272419	Show	10.05.2020
