Have concluded the present agreement:

1.Preamble

1.1. Parties are introducing eDocs with the intention of establishing paperless exchange of business correspondence in electronic form, in order to intensify process integration.

1.2. With the eDocs IT application, operated by and on the premises of Daimler, this one provides STC’s Partner with direct access, via the internet, to purchasing documentation addressed to him; it also makes legally binding declarations of intent by the same means. For these purposes, purchasing documentation is defined in particular as inquires, offers, acceptance of offers, orders and contracts.

1.3. Partners in eDocs use the same method to respond „online”, by means of a secure data connection, to that documentation sent to them, with declarations of intent in the form of: offers, acceptance of offers or confirmations of orders.

1.4. All documents sent via eDocs must comply with all validity conditions required by law for their preparing and they are mandatory for the Party who send them.

1.5. Aplicatia eDocs nu foloseste inca semnatura electronica; dar, chiar si in lipsa semnaturilor electronice, masurile organizatorice si tehnice luate, inseamna ca eDocs garanteaza procesarea legal valabila a tranzactiilor in cadrul activitatii, care, in termeni practici, echivaleaza cu schimbul conventional de documentatie de afaceri.

1.6. Avand in vedere caracterul inovator al aplicatiei si pentru a clarifica efectul juridic al acelor documente create prin utilizarea eDocs, Partile au incheiat urmatorul acord. Toate celelalte conditii care stau la baza, organizatorice si legale, raman neafectate de utilizarea eDocs.

2. Acces

Aplicatia eDocs se acceseaza prin intermediul Portalului Daimler, <http://daimler.covisint.com>. Acest portal furnizeaza Partenerului STC acces securizat si standardizat la toate aplicatiile autorizate lui. Portalul Daimler asigura administrarea descentralizata la sediul Partenerului. Doar Administratorul desemnat de catre Partenerul STC si inregistrat pe portal are dreptul sa permita accesul noilor utilizatori sau sa dezactiveze accesul utilizatorilor eDocs pentru Partenerul STC in orice moment.

3. Caracterul juridic obligatoriu al documentatiei transmise

3.1. Toata documentatia de achizitie, in special solicitarile de oferta, ofertele, acceptarile de oferta, comenzile si contractele trimise prin eDocs utilizatorilor inregistrati eDocs ai Partenerului au caracter obligatoriu pentru Partener, chiar fara semnatura.

3.2. Ofertele trimise electronic de catre utilizatorii inregistrati eDocs ai Partenerului vor avea caracter obligatoriu pentru Partener. In mod similar, actionarea acestor functii disponibile pe eDocs de catre unul dintre utilizatorii inregistrati ai Partenerului vor constitui confirmare obligatorie de acceptare a comenzilor sau contractelor. Intr-o astfel de situatie, rezervarile pot fi documentate doar in forma expresa.

4. Securitatea datelor

4.1. Daimler va lua masuri tehnice si organizatorice efective pentru a se asigura ca:

a) Doar utilizatorii eDocs inregistrati ai Partenerului STC, prin intermediul unui ID

STC si Partenerul vor accepta in mod expres acest document justificativ, chiar si pentru eventuale litigii.
